	Griffiths, Katharine	Tarantism: a diverse historical tool	2015-2016
	Hart, Rob	Reconsidering speculation: charting the permissible use of speculative ethics as a preparatory tool for considering future developments in science and technology	2015-2016
	Hart, Shanna	Of mammoths and men: contextual understandings of species extinction in the Age of Revolution	2017-2018
	Harvey, Ruth	Polar visuality: the expedition art of Captain John Ross	2018-2019

	Hay, Matthew	Stornoway and the North Atlantic storm-climate: a re-analysis of history's place in climate science	2013-2014
	Hayes, Abby	The role of a feminist critique in scientific and medical approaches to menstruation	2016-2017
	Hayler, Alice	How can we gauge how painful someone's pains are and what are the clinical implications?	2018-2019
	Henriques, Martha	Paul Feyerabend's later phase philosophy	2012-2013
	Hughes, Isabel	An early 19th-century 'museum microscope' and cultures of collecting	2012-2013
	Hynard, James	Sex in print in late 18th-century France	2013-2014
✓	Irving-Hyman, Daisy	The Balfour Laboratory: a case study in gender, space and science in late-19th and early-20th century Britain	2017-2018
	Jefferies, Petula	Pest problems with radical solutions; radicalism and entomology in 1970s America	2014-2015
	Kattirtzi, Michael	What is a communitarian account of rule-following good for?	2009-2010
✓	Kelly, Nadya	Just health, just justice, or neither? Motivating a feminist approach to end of life care	2018-2019
	Komen, Gaelan	The diplomatic-scientific structure of the Pugwash conferences on science and world affairs in the period 1979-1985	2018-2019
	Kumar, Karina	Race and colour in the journals of the Royal Asiatic Society	2011-2012
	Lawrence, Natalie	Birds of paradise and collecting Eden	2010-2011
	Livesey, James	The paradigm of neurodiversity and understanding 'brain difference' in autism	2016-2017
	Luque-Lora, Rogelio	'Balancing beauty and horror': exploring the role of enchantment in motivating environmentalism in the Anthropocene	2015-2016
✓	Lynam, Michael	Criminals and ourselves: the ISTD, criminal justice and the psychoanalytic decline	2015-2016
	Maddox, Andrew	Models and demarcation	2009-2010
	Marsh, Oliver	Circulating 'mythologies' (as form of public knowledge) of popular scientists (Richard Feynman and/or Carl Sagan) in 1950s-1990s US	2012-2013
	Martin Kelly, Anna	3/4D foetal imaging and abortion in the British media, 2003-2007	2014-2015
	McCracken, Alexander	Paracelsian responses to plague in early modern England	2012-2013
	Melgaard, Nicholas	Kant and Hume on the external world – the refutation of idealism: how far is Kant's answer satisfactory to the sceptic?	2012-2013
	Momcilovic, Esther	Riding the Iguanodon to immortality: discovery in 19th-century geology	2010-2011
	Morley, Jessica	Robert S Whipple as collector, donor and historian (1871-1953)	2013-2014
	Morris, Tom	Havelock Ellis, John Addington Symonds, and Richard Burton: the early history of English sexology	2009-2010
	Mozley, Fiona	Feminist controversies: Richard Polwhele's 'Unsex'd Females' and its twentieth-century revival	2009-2010
	Myelnikov, Dmitriy	Transgenic mice as cancer models	2009-2010
	Nath, Rory	Mauritius on display: exhibitions, "improvement" and the politics of Mauritian science, 1846-59	2011-2012

	Naughton, Emma	Lost world fiction and the domestication of the dinosaur, 1880-1914	2013-2014
	Neil, Ezra	Two degrees of saturation: communicating climate change to the public in the UK's media saturated environment	2014-2015
	O'Hare, Emma	Physics demonstration apparatus in textbooks and trade literature	2016-2017
✓	Painter, Joe	Elimination of surplus cockerels: applying and communicating early Cambridge genetics	2015-2016
	Parker, Felicity	English manuscripts on shipbuilding, 1570–1640	2018-2019
	Peck, William	Denizens on display: a study of the relationship between living exhibits and anthropological institutions in 19th-century Britain	2014-2015
✓	Polding, Robin	Catching colds in 17th and 18th century Britain: humourism, anatomy and everyday life	2016-2017
✓	Polina, Sosnina	Is the Hamilton Depression Rating Scale a good measuring instrument for research into depressive disorders?	2016-2017
	Potts, Alistair	The classification of mental disorders: the DSM	2012-2013
	Pulman, Catherine	The classification of Antisocial Personality Disorder: 'real' underlying medical diseases or social constructs?	2012-2013
	Raff, Ella	'The poetical character [...] is not itself – it has no self – it is everything and nothing – it has no character' (John Keats): science, poetry and poems in the writing of Humphry Davy	2014-2015
✓	Rasul, Sara	An improbable tale? The development of Owens College from upstart institution to world-class research university, 1851–1910	2018-2019
	Reed, Kieran	Wind turbines in conceptual disrepair	2018-2019
	Rees, Peter	C.S. Lewis, science and society	2016-2017
	Richards, Lowri	Feeding the nation, nourishing the empire: diets in 19th-century British institutions	2011-2012
✓	Ridley, Alex	Immoral sex and irresponsible contraception: emergency hormonal contraception in Britain and its contested transition to an over-the-counter drug	2018-2019
	Robinson, Anna	Models of authority: the place of geological models in the visual language of geology	2013-2014
	Ryan, Joe	The early history of ethology in Cambridge	2010-2011
	Saso, Anja	The communication strategies of Médecins Sans Frontières: 'Temoignage' and 'Speaking out', 1971–2010	2009-2010
	Scott, Will	Manipulation of the electron: Gilbert Lewis and Robert Robinson	2015-2016
	Sears, Will	The natural philosophy of Thomas Hobbes	2017-2018
	Selvackadunco, Athiban	Kant's Second Analogy and Newtonian physics	2013-2014
	Shearme, Rob	Ontogeny recapitulating phylogeny	2017-2018
	Sheldrake, Merlin	What's in a name? Heroes and visions in Amazonian ethnobotany	2010-2011
	Shiels, Reuben	Natural Selection reconsidered	2011-2012
	Sinclair, Amy	Globalisation and its consequences for the ethical issues surrounding global public health	2010-2011

	Slade, Tara	Double trouble through the looking glass: reflecting on the logic in philosophical inconsistency	2018-2019
	Smart, Will	The Anthropocene: multiple meanings of the newest geological epoch	2018-2019
✓	Squirrell, Timothy	Delegating diagnosis to computers: IBM's Watson and the 'responsibility gap'	2014-2015
	Stevens, Jack	Negretti & Zambra's scientific instruments: a new dimension to the Victorian culture of travel	2011-2012
	Suppa, Rosanna	Top-down vs bottom-up: integrating the response from Gay Men Fighting AIDS into the media and governmental 'de-gaying' of AIDS in 1980s Britain	2016-2017
✓	Taape, Tillmann	Vernacular distillation: Hieronymus Brunschwig's Liber de arte distillandi	2011-2012
	Tao, Paul	Making causal inferences in medicine: statistical vs. mechanistic approaches	2016-2017
	Tavernor, Vicky	'In the most severe forms of this strange malady, he is, in fact, morally an animal': moral insanity at the York Retreat between 1835 and 1890	2018-2019
✓	Taylor, Benjamin	Non-genetic inheritance and intergenerational stability in modern evolutionary theory	2014-2015
	Taylor, Nicholas	Retrocausality in quantum mechanics: philosophy of time	2012-2013
	Tulley, Rachel	The problem of publication management: is Big Pharma undermining the system of biomedical research publication?	2014-2015
	Udale-Smith, Alice	Separating theories and entities: the search for middle ground in the scientific realism debate	2013-2014
	Vane, Olivia	The history of typography in relation to models of vision and observation	2012-2013
	Venus, Bethany	Disrupting the psychiatric metanarrative of knowledge: the emerging multiplicity of narratives within the recovery movement in tension with the mainstream shift towards recovery-oriented services in the UK	2014-2015
	Waller, Jacob	Thomas Carlyle and the 'hero as "man of science"' in the mechanical age	2013-2014
✓	Warne, Henry	The visibility of male 'sterility' in British medicine, 1870-1930	2016-2017
	Watson, Oliver	David Ferrier: localising brain functions in Victorian Britain	2011-2012
✓	Webb, Jamie	'Between a rock and a hard place': racial anti-realism as social constructivism de jure or social constructivism de facto	2014-2015
	Whatford, Shona	Spa consumers in 18th-century England: tourism, writing and advice	2016-2017
	Wheeler, Georgina	Lesbians and artificial insemination in Britain	2010-2011
	Whitehouse, James	The use of mechanistic evidence for causal inference in biomedicine	2016-2017
	Windo, Louise	Boyle's glow-worms: reflections on experiments and experimental reflections	2010-2011
✓	Woodhouse, Barney	Contested boundaries: physiology's internal milieu and the debates over vivisection and vaccination in late Victorian Britain	2014-2015
✓	Woodman, Anthony	Facilitating informed choice: the communication obligations of scientists to the public and the 2009 L'Aquila earthquake	2012-2013
	Yan, Yenga	Sugar imperialism in the late Qing: Jardine Matheson and the China Sugar Refining Company, 1867-1928	2017-2018
